

FT4B-BS

Datasheet

FULBAT™
MOTORCYCLE BATTERY

MF

The MF battery range is designed to offer more comfort and performance. Maintenance free, the MF battery is delivered with a separate acid pack and needs to be filled and activated before the first use.

Its AGM (Absorbed Glass Mat) design allows it to become sealed once activated and also improves the lifespan and resistance of the battery to harsh conditions.

FEATURES

- AGM technology
- Delivered with acid pack
- Need to be filled before first use
- No maintenance once activated
- Higher life cycle
- Upright installation only
- Reduction of plate sulfation
- Suitable for cold weather
- Unlimited shelf life
